4. Floyd/Franklin Intersection – VDOT Smart Scale Application Proposal

4.1 Floyd/Franklin street Intersection Documents

Mr. Todd Daniels with VDOT shared with Council the answers to two questions asked at the committee meeting on July 25th. Those two questions were:

1. If the roundabout could be widened to allow large trucks to pass through it easier? Mr. Daniels replied that the truck apron could be widened from twelve foot to sixteen foot.
2. How many crashes had there been at the intersection? Mr. Daniels discussed accidents from VDOT records for the past five years.

Mayor Angle asked if anyone in the audience would like to speak regarding the proposed roundabout.

Ms. Pam Gabriel of 837 Snow Creek Road, Martinsville, VA, and owner of the Jones Building (Twin Creeks Distillery and Perfectly Picked) located at 510 Franklin Street, Rocky Mount. Ms. Gabriel spoke briefly regarding the parking spaces at her building being very limited currently and would be even more limited due to the amount of space that would be needed for the roundabout.

The recommendation from the Streets, Sidewalks and Streetlights Committee was to not proceed at this time with the proposal. Council member Stockton, who was the Chairman

of the committee, shared that with the proposed project being on a 2-year cycle of review with VDOT, perhaps the proposed project could be reviewed again with more options.
